EAGLE FUNERAL SERVICE VANS®

Available on either a Chrysler or Dodge chassis, Eagle Coach Company's Funeral Service Vans are as dignified as they are versatile.

With the landau panels in place, Eagle's Funeral Service Vans can be used for removals or to transport urns, caskets, shipping containers, flowers, and more.

Without the landau panels, the casket floor flips over to reveal the Stow 'N Go® seating, allowing the van to be used as a personal transportation vehicle.

DODGE

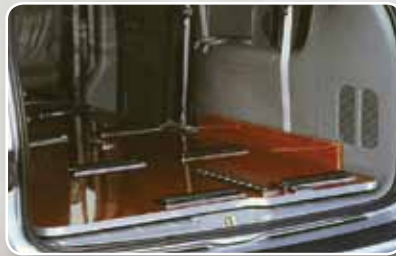

CHRYSLER

The standard aluminum cot mate is lightweight and features a flip-down ramp to facilitate loading and unloading.

Two aluminum floral trays are accessible when the hinged casket floor is folded over.

The casket floor features eight rollers, as well as a bier pin set to safely secure the casket. An Urn Enclave is also available.

Oversized caskets and shipping containers easily fit into the rear compartment.
